**2021-2022 Salary Threshold =
\$143,000**

In response to legislative efforts to encourage greater cost sharing in service provision and local government administration, we now provide a section for districts that share administrative staff to highlight these efforts for the upcoming school year. Each sharing district should identify in the form the other district(s) with which they will be sharing administrative staff for school year 2021-2022.

If you will be sharing a Superintendent, list the other district (or districts) in the text box. If you will be sharing other administrative staff required to be reported, please send an email to EMSCMGTS@nysed.gov indicating the title of the staff persons(s) as well as the other district(s) involved in the cost-sharing.

*The salaries, benefits and other compensation reported in the form should reflect only the financial support or commitment that your district will be making. They should **not** reflect the total amounts budgeted to be paid by all participating districts over the school year.*

QUOGUE UFSD - NEW YORK STATE REPORT CARD [2019 - 20]

The New York State Report Card is an important part of the Board of Regents' effort to create educational equity and raise learning standards for all students. Knowledge gained from the report card on a school's or district's strengths and weaknesses can be used to improve instruction and services to students. The report card provides information to the public on school/district staff, students, and measures of school and district performance as required by the Every Student Succeeds Act (ESSA). Fundamentally, ESSA is about creating a set of interlocking strategies to promote educational equity by providing support to districts and schools as they work to ensure that every student succeeds. New York State is committed to ensuring that all students succeed and thrive in school no matter who they are, where they live, where they go to school, or where they come from.

Due to COVID - 19 and resulting changes to New York State testing, accountability, and federal reporting requirements, 2020-21 district and school accountability statuses are the same as those assigned for the 2019-20 school year. For informational purposes, graduation rates for the Secondary Graduation Rate indicator using lagged 2018-19 data are reported. Spring 2020 standardized state assessments, including the June 2020 Regents examinations, were canceled and are, thus, not reported. For detailed information on requirement changes, please see the U.S. Department of Education-approved waiver and the memorandum from the Office of Accountability entitled " 2019-20 Accountability Implications to Address the COVID-19 Crisis ."

2020-21 ACCOUNTABILITY STATUS BASED ON 2018-19 DATA

Per the U.S. Department of Education-approved waiver, districts and schools, including subgroups, will maintain in the 2020-21 school year the same accountability status assigned for the 2019-20 school year with no progress determinations. For more information, please see the memorandum from the Office of Accountability entitled, "2019-20 Accountability Implications to Address the COVID-19 Crisis." The 2020-21 Accountability status may differ from the 2019-20 status as a result of a school reconfiguration. Schools that newly opened for the 2020-21 school year will not be displayed.
